- ◆ Confidential support, feedback, and guidance.
- ◆ Strategies for long-term success!

The WIN program is a partnership between WCI, Vocational Rehabilitation Services and Woodland Centers. It utilizes the Individual Placement Support (IPS) Grant for persons with severe mental illness.

This program offers you:

- Rapid job search— for motivated and ready to work individuals.
- On-going benefit planning and guidance.
- Team approach— your mental health and employment support working together.
- Employment Specialists—
 - ⇒ who will help you evaluate your skills and interests, and find work options that “fit” you.
 - ⇒ know a lot about the community and can help you research jobs, contact employers, get you ready to interview, and help you get and keep the job.
 - ⇒ can help you change jobs, create a long term career plan, or seek promotions.
- Privacy— You can choose whether your Employment Specialist advocates for you or totally stays OUT of the process. You choose how much or little to tell your employer.

You are not your disability.

You + Work = Better Life!
